

Sailing Lesson Adults 2024

Are you looking for relaxation alongside your busy life? Do you have the desire to sail around the world one day? Do you want to meet new friends?

Take the first step now and sign up for sailing lessons. You can learn to sail in various types of boats. We advise you to start with the lessons in the keelboat, the standard lesson boat here is a Valk. This stable boat gives you enough time to learn and offers a new challenge every day. Do you want to sail in a sportier way and put your body to work? Then opt for a dinghy lesson in the Laser or Laser Vago. However, for most people this is a more enjoyable experience after passing the Basics in the keelboat. At Sailcenter Limburg we think personal development is very important, which is why we always tailor the lessons to your personal wishes, knowledge and skills already acquired! Make sure that you express your expectations every lesson and evaluate the day together on the basis of the standards of the CWO (Water Sports Training Committee).

Different levels to Go

Basics: You get acquainted with the basics of sailing in a safe way. You learn simple, basic skills such as preparing the boat for sailing and staying the night, setting course and tacking.

Experienced: You have already mastered the basics of sailing, you can independently prepare a boat for sailing, and you have knowledge of pistol grip and footwork when tacking if applicable. Now it's time to learn how to sail independently. In addition to the basic skills, you will learn how to cross and arrive at higher shore, weight distribution, hanging out, turning over and erecting the boat if applicable.

Advanced: You now learn to sail independently under all circumstances. You control the boat until Bft. 4, you have knowledge of hanging techniques and roll-tack if applicable. This diploma covers both basic and advanced manoeuvres and is not easy to obtain.

Keel boat sailing

The lesson pack for Basics and Experienced consists of 18 hours of sailing lessons and a month's cheaper boat rental, after your last lesson, based on Sailcenter Club guest* to practice your skills. With Experienced lessons you can choose to start this month from the first day of lessons. The lessons can be divided into 3 lessons of 6 hours or 6 lessons of 3 hours. The number of teaching hours does not entitle you to a diploma.

Information and cost for the Basic or Experienced course on a Keelboat per person:

- 3 days of lessons of 6 hours, with 3 persons per boat, € 475,00 pp.
- If the 6-hour lesson day is split into 2 x 3 hours, the additional cost is € 37,50 pp. for 3 people per boat.

Advanced sailing lesson on a Keelboat

Advanced lessons are given in announcement and are for 3 hours with a specific goal to reach. The lesson has the character of a training. After all, advanced lessons are training to become a skipper where independent decision-making is one of the requirements. Our instructor partly provides remote instruction. There is a lot of work with assignments and there is a theory test. Training yourself and studying the necessary theory is required to obtain your diploma.

*The costs for sailing based on Sailcenter Club guests are € 7.50 pp. for half a day or € 10.00 pp. for a day excluding life jacket rental. You can find your sailing friends by means of a call in the private Clubsailing app, but you can also bring your own friends at guest rate.

Are you looking for another sportier challenge?

Dinghy lesson:

Do you like adventure, speed and are you not afraid of a wet suit? Then dinghy sailing is for you.

Dinghy sailing is sporty sailing, where your whole body comes into action. It is a physical and mental challenge. You are usually alone in the boat, so you are not dependent on the availability of possibly. fellow sailors. If you prefer to sail together, 2-man boats are available or you can sail with a group in 1-man boats. If desired, you can be added to our Laser Club app after obtaining your diploma and/or buy off one practice month based on Sailcenter Club Guest. We recommend that you first take a Keelboat lesson if you are an absolute beginner in sailing.

The lesson package for Basic or Experienced consists of 18 hours of sailing lessons. The lessons are divided over 3 teaching days of 6 hours. The class consists of a minimum of 5 and a maximum of 6 participants who jointly attend the same class dates. The instructor will guide you from a motorboat. So you immediately get to work with the instructor in your immediate vicinity. The lessons are given in a Laser (1-man boat) or Laser Vago (2-man boat). If you have no experience yet, the first day of class is in a Laser Pico. If you have experience and want to know where you stand, book an estimate lesson.

Information and costs for the Basic or Experienced course on a dinghy are per person:

- With 3 teaching days and a minimum of 5 and a maximum of 6 participants, the costs are € 425.00 pp.
